I have had a really great experience with OGRELOGIC. Specifically with Kate and Ritik who have managed the project. I also had a great experience with Mamta who oversaw the project. They are reliable and quite timely. I feel that they have gone above and beyond to create a website that met my needs. They were so easy to work with and would reply consistently, confidently, and quickly whenever I had questions.

Steve and the entire OGRELOGIC Team have been an absolute pleasure to work with. Communication with Steve is consistently clear, respectful, and productive. He takes the time to listen, ask thoughtful questions, and ensure full alignment before moving forward on any project.

# OUR CLIENTS SAY...

**Eric R. Schwab** <https://www.schwabl.com/>

I run a small law office in Central NJ and I found Andrea and Gaurav to be extremely competent and responsive. Price was within budget and you can tell they know their stuff-even did a test analysis of the site once final and checked all the website boxes-all very professional. I highly recommend hands down!
